Member Testimonials

“There are three other businesses that do what I do. Their prices are higher because of shipping. I can sell a record for a dollar or two less than they can using ShipToHawaii. It is a huge point for me – I probably wouldn’t have opened my business without that advantage.” – Record store owner

“I use ShipToHawaii for everything that doesn’t go via the U.S. Postal Service. It’s a family-oriented business and the employees really care.” – Maternity and infant clothing store operator

“I use it anytime I buy online or from the mainland. Some places will offer free shipping on all orders *except for Alaska and Hawai‘i*. Others only use pricey overnight shipping. I bought a new computer monitor and Dell quoted me \$119 for shipping. ShipToHawaii’s price was \$35.” – Local tech worker
